P R O F I L E

As a self-taught front-end developer, I'm looking for a first time job at the field.

I've worked many years directly with the public, what made me confident, well spoken and sociable.

I also worked during the World Cup and Olympic Games, managing a tourist hostel in Rio de Janeiro, and I've been working as a freelance translator, therefore, I have an excellent written and spoken English and Spanish.

L A N G U A G E S

- Portuguese
- English
- Spanish

E D U C A T I O N
